REPESEA CBHE Program of the Management Meeting and Training on the Assessment of Research Impact at BUUIC

From 27 to 31 August 2018, BUUIC and ICO NIDA jointly held steering committee meetings and training on the Assessment of Research Impact under the REPESEA scheme. BUUIC hosted the steering committee meeting and the training from 27 to 29 August. ICO NIDA hosted the meetings and training from 30 to 31 August. REPESEA project develops research and cooperation network of Asian and European partners universities. This project aims at improving research quality and capacity building of higher education institutions of its 11 member universities from seven countries; Indonesia, Thailand, Malaysia, Slovakia, Poland, United Kingdom and France. The research capacities will be developed at partner higher education institution in Malaysia, Indonesia and Thailand through the creation and implementation of the System of Assessment of Quality and Impact of Research and the development and introduction of self-contained transferable research skill training modules.
